Hello Catherine,

I made an error on one of the price quotes for the federal rates. Check the top of page 2 of the fax I sent you on Friday. The federal govt rate for EMBASSY SUITES should read \$ 65.00 NOT \$ 69.00. OOPS! Heather, caught it when she came to bring me additional information to fax you. Anyway, it's \$4.00 cheaper than what I typed on page 2, and the govt rate is typed correctly on the first page. I'll fax you a copy of the additional information I got from Heather late Friday.

Thanks. Karen

(P.S. Please tell Kevin about this correction)
